**Treatment**  
**Limited**

***Policy***  
***Statement***

**MWH Treatment** is committed to being a Responsible Business that will continue to contribute to the communities in which we operate. Our policy is to minimise any negative impact whilst making and maximising a positive and lasting contribution to society.

This policy supports three key areas that are specific to the nature of our operations and expertise.

They are:

1. Protection and improvement of the natural environment
2. Education of people
3. Health, safety and wellbeing

MWH Treatment will always strive to:

- Support local economies through presence, purchasing and employment.
- Implement the Considerate Constructors Scheme Code of Conduct on all sites.
- Engage and encourage our employees to become actively involved in community projects.
- Create partnerships which have a positive impact on the wider community.
- Inspire and engage with our customers and our supply chain to partner on community projects.
- Offer support for employees to undertake sponsored activities.
- Where possible, to engage local schools, colleges and universities and encourage pupils to make a career in engineering or environmental industries.
- To support Water Aid, a charity that works to provide clean water and effective sanitation in developing countries.

Our management is responsible for ensuring that this statement is understood and implemented at all levels of the organisation.

**Every employee shall play an active part in supporting MWH Treatment in implementing this policy so that we remain responsible for our actions.**
